Caverion is delighted to invite analysts, institutional investors and media representatives to its Capital Markets Day in Stockholm, Sweden. The event will take place on Wednesday, September 10, 2014 at approximately 9 a.m.–16 p.m. local time (CEST), preceded by a welcome dinner the evening before. IVA's Conference Center in Stockholm city center (address: Grev Turegatan 16) will serve as the venue for both the dinner and the seminar.

The purpose of the event is to give further insight into Caverion's strategy and business prospects. In particular, it explains how the company's strategic focus areas enable growth and profitability improvement.

The day will start with management presentations, followed by lunch and a visit to the medical technology company Bactiguard's new production facility, to which Caverion has provided advanced clean room technology.

In addition to President and CEO Fredrik Strand, the speakers include Antti Heinola (Chief Financial Officer), Karl-Walter Schuster (heading Project Excellence) and Matti Malmberg (heading Service Efficiency).

All presentations will be webcasted. The presentation given by Fredrik Strand can also be followed through a conference call, which is open at 9:00–10:00 a.m. (CEST).
